### Moving Forward. **STYLE**

Personal care home decor has changed over the years and we have along with it. In addition to these custom color options, we also provide "Ultra-Style" a unique custom cart wrapping process that allows you to choose the look of the cart, from Natural Wood Grains to Marble Finish. The best part, we do all of this without risking form and function.

### Moving Forward. **CONVENIENCE**

Self closing drawers, adjustable drawer configurations, advanced "one drawer at a time" safety system, touch screen electronic locking or traditional key locking...a solution for everyone

ULTRAGlide

### Moving Forward. **COMPATIBILITY**

Whether it's a blister carded system or a cellophane strip packaged system, or cards now and cellophane later... it works in the Ultraglide.
